STUDENT ORGANIZATIONS

Secondary school studentinitiated, noncurriculumrelated groups and student curriculumrelated groups, upon receiving permission from the principal, may use school facilities for group meetings during noninstructional time. Nothing in this policy shall contradict the federal Equal Access Act.

Noninstructional time shall mean any time before the first period of the day and after the last period of the day in which any student attends class. Meetings shall not interfere with the orderly conduct of the education program or other school district operations. It shall be within the discretion of the principal to determine whether the meetings will interfere with the orderly conduct of the education program or other school district operations. Activities relating to and part of the education program shall have priority over the activities of another organization.

Access by Federally Recognized Youth Organizations

The district shall, upon request, allow a representative of any federally recognized youth organization to provide (1) oral or written information to the students regarding that youth organization and how the organization furthers the educational interests and civic involvement of students in a manner consistent with good citizenship and (2) services and

activities to any student who is a member of the organization. A federally recognized youth organization is one listed in 36 U.S.C. Subtitle II, Part B. Each requesting youth organization shall be permitted to provide such information, services, and activities at school at least once during each school year. Administrators shall make a good faith effort to select a date, time, and location for each requesting organization to provide such information, services, or activities that is mutually agreeable to the school district and to the organization, but all final decisions rest with the administration. Any such organization representative not employed by the district shall be subject to a background check at the organization's expense. Administrators may prohibit any organization representative convicted of a felony or otherwise presenting safety concerns as described in the district's Visitors to School Policy from being on the school grounds. Nothing in this section shall override or contradict the district's Parental Involvement Policy.

NON-FEDERALLY RECOGNIZED ORGANIZATIONS

Curriculum Related Organizations

It shall also be the responsibility of the principal to determine whether a student group is

curriculum-related. One or more of the following questions will be answered affirmatively if the group is curriculum related:

- Is the subject matter of the group actually taught in a regularly offered course?
- Will the subject matter of the group soon be taught in a regularly offered course?
- Does the subject matter of the group concern the body of courses as a whole?
- Is participation in the group required for a particular course?
- Does participation in the group result in academic credit?

Secondary school curriculum related student organizations may use the school district

facilities for meetings and other purposes before and after the instructional school day.

Employees shall be assigned to monitor approved meetings and may interact with

curriculum related organizations.

NoncurriculumRelated Organizations

Studentinitiated, noncurriculumrelated organizations shall be provided access to meeting space and school district facilities.

Only students may attend and participate in meetings of noncurriculumrelated groups.

Such attendance shall be strictly voluntary and studentinitiated. As a means of determining whether a student's attendance is voluntary, the principal may require parental consent for the student to attend the meetings.

Social Activities

Social activities are to be scheduled through the school principal's offices. No school activities will be held on Wednesday evening or Sunday without special permission from

the superintendent of schools. At all social functions, the school house doors will be closed one-half hour after the activity has begun. After arriving students may not leave

the building and return.

All groups are to be out of the buildings by 10:30 p.m. on school nights and 12:00 midnight on Friday or Saturday night except for the Homecoming Dance and the Junior-

Senior Prom which may last until 1:00 a.m. or later, if approved by administration. Students may bring outside guests under the age of 21 to social activities with the approval of the administration. The names of guests must be reported to the administrative office prior to the event.
